14:00	Tour Visit – Promenade in “Thessaloniki’s New Waterfront” The New Waterfront of Thessaloniki was recently renovated. The first part (around 75,800 m ²) of the “Thessaloniki’s new waterfront Renovation Project” was completed in 2008 and the second part (around 163,000 m ²) started in 2011 and was completed in 2013. The total length of the New Waterfront is 3km. The sea background of the gulf of Thessaloniki constitutes amazing scenery, where the ephemeral and mutable elements, create a different atmosphere each time.
